## Pharmacies Near You

### Prescriptions

#### Prescribing Policy at National Telemedicine Doctors

All prescriptions given during a consultation by any of our practitioners at National Telemedicine Doctors are given at the discretion of the Healthcare provider. In the event that a practitioner prescribes a prescription to a patient, that prescription will be sent by the practitioner electronically either to a registered Australian pharmacy of the patient's choice, or if the patient does not specify a pharmacy, it will be sent to an Australian accredited pharmacy situated in an area close to the patient's home. A hard copy will also be sent to this pharmacist and to the patient's postal address. The pharmacy will then dispense the medication.

**For patients' convenience and to find a pharmacy near them, below is a list of some pharmacies in all states.**

#### Victoria
